Artur Tlustochowski
CEO
Terra Casa S.A.
Siedmiogrodzka 5 lok. 2
01-204 Warsaw
Poland

Dear Mr. Tlustochowski:

Congratulations on the grand opening of Art Deco Wola Apartments. The building is a great achievement and an excellent addition to Warsaw.

Chicago is proud that the building was inspired by Chicago's historic art deco buildings. Known as the birthplace of the modern skyscraper, Chicago has been a leader in architecture, with a number of landmark buildings representing different architectural styles, including art deco. Today, innovation and green technologies are moving our buildings forward through the 21st century. Art Deco Wola Apartments beautifully represents both of these elements of the past and future—classic architecture and advanced home technology.

I am greatly pleased that the Warsaw Committee of Chicago Sister Cities International is a co-host of the grand opening. The building is even more meaningful given the strong relationship and long-standing connection between Chicago and Warsaw. In 1960, Chicago signed its first sister city agreement with Warsaw, solidifying the bond between our cities, which has only continued to grow and flourish over these 58 years.

I wish you all the best and once again extend my congratulations. I hope that residents and visitors of the building will be inspired to one day visit us in Chicago.

Sincerely,

A handwritten signature in black ink that reads "Leroy Allala".

Leroy Allala
Executive Director
Chicago Sister Cities International
